Morris Black and Sons, Inc. offers quality custom-fabricated casework and millwork to meet the needs of business and professional building owners in the Lehigh Valley and beyond.

Applications are as varied as reception areas, medical laboratories, daycare centers, workstations and conference rooms.

Morris Black works closely with architects, designers and general contractors to create unique and functional environments for retail, commercial, educational or professional clients.

Moravian Bookstore, Bethlehem

St. Luke's Hospital, Quakertown

Lehigh Country Government Center, Allentown

Ever Care Presbyterian Homes, Bethlehem

Chester Academy, Chester, NY

### The Morris Black Edge:

- Design Staff
- Shorter Lead Times
- In-House Installers

Our team consists of staff designers, an in-house drafting department, experienced cabinetmakers and project managers, and our own company-trained installation crews... all working together to produce quality custom products that are installed cleanly, accurately and on-time.

Coca Cola Park, Allentown

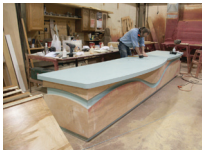

### Modern Manufacturing Facility

Our CNC nested router cuts, drills, bores, routs and grooves in a single computer-controlled operation, providing faster turnaround, greater precision and a larger volume of custom cabinetry, manufactured to any architectural specification.

In addition, our staff of talented cabinetmakers have years of experience in woodworking and laminating to produce our one-of-a-kind specialty work.

Morris Black... building on trust since 1908.
